The gale over, the ship was a dismasted wreck, with all her spare spars gone, carried away, and eight feet of water in the hold. It was then that Captain Curtis gave striking proof of his ability, pluck and resolution in surmounting the difficulties that beset him. The ship was pumped out, the wreck cleared, jury masts rigged from some of the timber in his cargo and the vessel headed for this port. Without sailing directions, he finally made a good land-fall off the eastern end of Maui,
